Vinyl Type: Cast
Durability: 5 - 7 Years
Finish: High Gloss
Release Liner: Silicone-Coated Synthetic, Transparent
Printability: Thermal Transfer, Screen Print
App. Temp: Minimum 40° F
Adhesive Type: Permanent, Solvent Acrylic

Benefits

Premium grade 3M™ vinyl constructed with a transparent moisture resistant synthetic liner. This vinyl is designed for pre-spaced, cut graphics produced on electronically controlled cutting plotters and the synthetic liner resists static buildup to lay flat for easier assembly of multicolored graphics. Used to produce quality labels, decals, window graphics, vehicle graphics, industrial and commercial signage. Can be applied to flat surfaces with or without rivets or simple curved surfaces.
